To Whom It May Concern

Synthetic Grass and Rubber Surfaces

I have dealt with Synthetic Grass and Rubber Surfaces Company for several years and have found them to be very professional in all aspects of installation and maintenance of Synthetic Grass.

Synthetic Grass and Rubber Surfaces have recently installed Willoughby cities - Off Field Training and Futsal Surface on time and within budget.

The workmanship was of an excellent standard and their quotes and revised quotes were timely and accurate with no variations.

Further, Synthetic Grass and Rubber Surfaces do maintenance work to the cricket and practice pitches across the city on a regular basis and are always responsive to Council's needs.

All work carried out is to Council's OH&S standard and no issues have resulted.

Regards,

David Puckeridge
