Dear Mike

RE: Rubber Surface at Granville South Schools as Community Centres Project

I would like to thank you and all of the staff at 'Synthetic Grass and Rubber Surfaces' for the wonderful job that you have all done at the Granville South Schools as community Centres Project. The surface looks and feels fantastic. The process from the quotation to the communication with the office to the laying of the surface has been very efficient and problem free. I would not hesitate to recommend your company.

I look forward to the completion of work with the line marking. I have included the full payment for the surface and line marking.

Thanks once again for a job well done.

Kind regards

Julie May
