HORNSBY NSW 2077

Dear Bob and the Fagan Park Adventure Playground Team

Fagan Park's Adventure Playground

As Mayor of Hornsby Shire, I pass on my very sincere congratulations and thanks on a most spectacular addition to the playgrounds in the shire.

The ingenuity, attention to detail and sheer magnitude of this playground is remarkable.

I also wish to thank and congratulate Mr Peter Kemp and the Parks and Landscape team; as well as landscapers Mr Kurt Henkel, Mr James Frawley and Mr David De-Fina, for their efforts and commitment to the playground.

I also believe credit and recognition should be given to the contractors involved with this project. *Furnass Landscaping Enterprises, Synthetic Grass and Rubber Surfaces, and Deepend Pty Ltd* did a great job with this playground.

Finally, this playground would not be as outstanding as it is without the input and assistance of the Community Consultative Committee who helped with the development of the Plan of Management and prioritisation of improvements to Fagan Park. I wish to thank *The Friends of Fagan Park, the Ecogarden Committee, the Carrs Bush Bushcare Group, the Hornsby Electric Model Flying Club, the Galston Chamber of Commerce, the Galston Rotary Club, the Dural and District Historical Society, and the various local resident associations* who helped.

I pass on my congratulations to everyone who was part of Fagan Park's Adventure Playground project. It is a masterpiece and sensational testament to the skills, as a team, and as individuals.

Well done and I wish everybody involved all the very best with their next project.

Yours sincerely

NICK BERMAN
Mayor
