Attention: Mr Craig Walker

Dear Mr Walker

As we are heading towards the end of the year 2002, I take this opportunity to thank you on behalf of Hornsby Shire Council for the completed works at Darlington Drive Cherrybrook and Hornsby Playground Hornsby.

It has been a pleasure working with you on the above projects where you have illustrated your professionalism, co-operation in working through variations and challenging design aims and ability to demonstrate the latest construction methods. As a result, Hornsby Shire Council received highly positive public feedback for the successful outcomes.

I wish you all the best in the year ahead and trust that you will continue to support Hornsby Shire Council with future projects.

Yours faithfully
