

Safety, Sporting and Leisure Surfaces

COMPANY CAPABILITY STATEMENT

Childcare centre synthetic grass and softfall

ABOUT US

Company Overview

Synthetic Grass & Rubber Surfaces Australia Pty Ltd is an Australian owned and operated company with over 40 years of industry experience, delivering high-quality surface solutions across a wide range of sectors.

The business is owned and led by Managing Director, Mark Cunningham, whose extensive hands-on experience and product knowledge underpin the company's reputation for reliability, technical expertise, and quality workmanship.

We specialise in the supply, installation, repair, and replacement of synthetic grass, rubber wetpour, and Life Floor (pool surrounds), providing tailored solutions to meet the unique needs of each project.

We also supply Eco Play Recycled Rubber.
